Family Fun Afternoon 1 PM

Thursday - 11th

Hymn 735 st. 1

News and Updates

Religion: Our Christ Light studies have taken the Israelites out of Egypt, across the Red Sea, and into the desert to wander and complain. We see God continues to provide and protect, and he gave his people his law at Mt. Sinai. Our Faith Foundations lessons have talked about the work of the Holy Spirit, creating the faith which gives us the rich gifts of Christ's works. We finished our year with a Christmas hymn sing after spending all week singing around town and spreading Christmas cheer!

English: Mercy me! Good gracious! Wow! Well, we started learning about interjections and possessive nouns. We also took some extra time to study complex sentences. We will resume our English lessons with practice sentences, creative writing, and a persuasive essay.

Reading: We did some good work on investigation boards these last few weeks as more clues and events were revealed. If you or your investigator has any questions on the project, please ask. I think we are all excited to see how this game pans out!

Reminders...

- This spring, March 16th, we will be putting on the Luther Musical as part of our Reformation 500th Anniversary celebration. We will start rehearsing soon. Please watch for more information regarding rehearsals and extra help needed for this production.
- G.I.G.A.T.T! (Ask your child what it means)

Math: We worked through many lessons over the last two weeks. Some highlights for Vienne include saying the word quadrilateral, solving more complex story problems with ease, and finding averages. The sixth grade math class investigated circumference and pi using a collection of classroom circles. Their primary focus otherwise has been on working with decimal numbers.

Science: These earth scientists classified rocks and minerals over the last few weeks. They have studied what lies beneath their feet and how we use these materials. This next week, we will be doing a couple hands-on activities as our test on this chapter.

Social Studies: We wrapped up our study about the United States by covering the culture, government, and economy. We tested on this chapter as well as on the 50 states and capitals of our country the last week before break. This week, we will review some responsibilities of the U.S. government and start our study of Canada, eh.

Teacher's Note: I pray you and your child had a restful Christmas break! I am proud of all the work they put in to proclaim the message in our Christmas services. What great joy we have in our Savior Jesus! As we look forward to this new year and the second half of our school year, we set our goals and make our plans knowing that God will bless our work. With this in mind, I leave you with one of my favorite sections of Scripture. "I thank my God every time I remember you." (Philippians 1:3-11) God bless your week and your new year!
